

European **Atherosclerosis** Journal

European Atherosclerosis Journal is an international, peer-reviewed, fully open access, four-monthly journal covering all topics within atherosclerosis and cardiovascular disease areas. The *European Atherosclerosis Journal* is an official journal of SITeCS (Società Italiana di Terapia Clinica e Sperimentale - Italian Society for Experimental and Clinical Therapeutics).

European Atherosclerosis Journal aims to publish high-quality research and follows strict rules to assess the originality and best practices for authorship and disclosure of potential conflicts of interest.

Focus and Scope

European Atherosclerosis Journal is an international, peer-reviewed, fully open access, four-monthly international journal that publishes papers in the field of atherosclerosis and cardiovascular disease, from basic research to clinical and translational studies. Meta-analysis and systematic reviews will also be accepted.

Papers will be considered for publication based on originality and contribution to the field. The journal will consider for publication original articles (experimental and clinical), review articles, methodology papers, editorials, letters to the Editor, viewpoints, congress/conference reports. The Editorial Board can invite authors to submit state-of-the-art papers. Authors are encouraged to submit pre-request to the Editor-in-Chief for evaluation of the potential acceptability of their contributions.

Open Access Policy

European Atherosclerosis Journal provides immediate open access to its content on the principle that making research freely available to the public supports the exchange of knowledge.

Article Processing Charge

Publishing an article in *European Atherosclerosis Journal* requires the payment of an Article Processing Charge (APC) of € 2,000. There are no charges for submission, rejected articles, or color figures. Payment can be made by bank transfer. Invoices will be emailed by the editorial assistant shortly after acceptance of the paper to the payment contact provided by the authors at the time of submission.

Peer Review Process

Immediately after submission, the Editor-in-Chief evaluates the manuscript. The Editor can accept the paper at this stage after discussing with members of the Editorial Board. Rejection at this stage may occur if the submitted manuscript is insufficiently original, has serious scientific flaws, has poor grammar or English language, or is outside the aims and scope of the Journal. A manuscript that meets the minimum criteria will be reviewed by at least 2 expert reviewers. Suggestions for potential reviewers from the authors are welcome, but it is the Editor's decision whether or not to follow such suggestions.

Reviewers will evaluate the manuscript according to the following criteria:

- Originality (the main results and conclusions must not have been published or under consideration elsewhere);
- Method appropriateness;
- Validity of data and clarity of result presentation;
- Conclusions consistency with the evidence and arguments presented;
- Updated and proper references.

Reviewers will not copyedit manuscripts. Language corrections can be suggested during the peer review process.

The final decision is made by the Editor-in-Chief.

Code of conduct

Editors, authors, and reviewers must follow the best practice in publication ethics. Authors are expected to respect rules on authorship, dual or overlapping submission, plagiarism, figure manipulation, conflicts of interest, and compliance with policies on research ethics. Reviewers and Editors must treat manuscripts impartially and in confidence, and declare any competing interests. The Editor-in-Chief can contact authors' institutions, funders, or regulatory bodies if required. In the presence of proven misconduct, the Journal will take actions to correct the scientific record, which may include either issuing a correction or paper retraction. If you have any concerns about potential misconduct, please contact the Editor-in-Chief.

Information for Authors

GUIDELINES FOR AUTHORS

European Atherosclerosis Journal is an international, peer-reviewed, fully open access, four-monthly journal. Papers must be submitted exclusively using the online submission system. To submit your paper, go to the link <https://eathj.org/index.php/eaj/about/submissions>

Authorship and Author Contributions

An Authorship/Author Contributions statement, that specifies the contribution of every listed author (conception, writing, editing, and revision) is required for all types of papers. Please include this statement in your manuscript before submitting it.

Changes to authorship

Authors must provide a definitive list of authors at the time of the original submission. Any change (addition, deletion, or change of order) in the author list after initial submission must be agreed upon by all authors and approved by the Editor-in-Chief. While the Editor-in-Chief considers the request of change, publication of the manuscript will be withheld; in the case that the manuscript has already been published in an issue, any requests approved by the Editor-in-Chief will appear as a corrigendum.

ORCID

ORCID is mandatory for corresponding authors at the time of the submission; all the other authors are encouraged to include ORCID information. [Read more about ORCID](#)

ARTICLE TYPES

European Atherosclerosis Journal will consider different article types, including original research papers, reviews, methodology papers, editorials, letters to the Editor, viewpoints, congress/conference reports.

Article categories

Length of article, abstract, figures, and number of references for each category of paper:

	Review	Original Paper	Methodology papers	Editorials, letters to the Editor/viewpoints, congress/conference reports.
Abstract maximum length	250 words	250 words	150 words	-
Manuscript maximum length	6000 words	5000 words	3000 words	1500 words
Figure/Table number	6	5	3	2
References	100	60	30	15

Flexibility on word count may be offered after discussion with the Editor-in-Chief.

Original Research Papers

Original Research papers include **Basic Research** papers, reporting results of original research using cell cultures or animal models, **Clinical and Population Research** papers, reporting results from observational, interventional, and genetic studies in humans, and **Translational Research** papers, reporting results of research from both bench-to-bedside and bedside-to-bench.

Original research papers should not exceed 5000 words (including legends to figures and tables), 5 figures/tables, and 60 references. Additional information, tables, and figures will be published as Supplementary material.

Review Articles

Review articles must focus on topics of major interest in basic, clinical, or translational research. Publication of review articles in this Journal is by invitation only. However, the Journal will consider for publication also unsolicited review articles from authors who have contributed substantially to the field. Authors who have not been invited to submit a Review

by the Editor-in-Chief or an Editorial Board member should send a letter of interest, an abstract, and a cover letter listing previously published papers on the selected topic to the Editorial Office, whether the topic is of interest for the Journal

All those who significantly contributed to the conception, execution, and revision of the review should be listed as co-authors. All review articles (either invited or unsolicited) will undergo a regular peer review process. The following word limits apply: abstract 250 words, main text 6000 words, 6 figures/tables, and 100 references. Authors are encouraged to include a "mechanism/overview" figure and one bullet point box highlighting the main key points.

Methodology papers

Methodology papers describe novel methods, relevant modifications, or novel applications of established methods in experimental, clinical, or epidemiological research in the field of atherosclerosis. The following word limits apply: abstract 150 words, main text 3000 words (including legends to figures and tables), 3 figures/tables, and 30 references.

Editorials, Letters to the Editor, and Viewpoints

Editorials are contributions written upon invitation from the Editor-in-Chief or a member of the Editorial Board by expert authors on a recent Original Research Paper of particular interest (published in *European Atherosclerosis Journal* or other journals). Editorials should not exceed 1500 words and 15 references; 1 figure/table is encouraged.

Letters to the Editor and Viewpoints. If you have specific issues that you wish to raise concerning work published in *European Atherosclerosis Journal*, please submit your opinion as a Letter to the Editor or Viewpoint. Papers must not exceed 1500 words (including references), 15 references, and 2 figures/tables. The inclusion of novel data (Viewpoint) will increase the chance of acceptance. The author(s) of the commented manuscript will have the opportunity to respond, and the response will be published in the same issue of the Journal. Please submit these papers to the Editor-in-Chief (Prof. Alberto Corsini, Editor@eathj.org)

Congress/Conference Proceedings

Congress/Conference reports are accepted for publication in *European Atherosclerosis Journal* and must be structured as follows: 1) authors and contact details (postal address of all authors and email address of the corresponding author); 2) name of the conference and name of the organizing society); 3) conference dates and venue, and website address if available; 4) topics covered by the conference; 5) conflict of interest statement concerning the congress (e.g. sponsorship). The word count of the entire report (items 1 through 5) must not exceed 1500 words, and 1 figure/table can be included.

Manuscript preparation

General information. Prepare the manuscript text using a Word processing package and submit it in this format. Do not submit your manuscript as a PDF. Indicate on the title page the word count and the number of figures and/or tables included in the paper. Submitted manuscripts must not exceed 5000 words for Original paper, 6000 words for Reviews, 3000 words for Methodology papers, and 1500 for other article categories, excluding references, tables, and figures. Oxford English spelling should be used.

Title page. The title page must include 1) the title, 2) the name (given name and family name) of all authors and their affiliations (where the work was done), 3) the e-mail address and contact details of the corresponding author. Include also a short title (max 40 characters).

Abstract. The abstract should not exceed 250 words (150 words for Methodology papers).

Keywords. A maximum of 6 keywords should be submitted.

Main text. The manuscript must contain the following sections: Introduction, Methods, Results, Discussion, Conflict of interest (mandatory), Funding (if applicable), Author contribution (mandatory), Acknowledgements (if applicable), References. Abbreviations must be defined when first used in the text.

Tables. Tables must be submitted as Word files, with titles and legends. Tables can be included in the same file as the main text or in a separate file. All tables must have a title and be numbered consecutively and in the order they appear in the text.

Figures. Figures must be numbered consecutively and in the order they appear in the text. Figures must have a title and a legend with a brief description. Figures must be suitable for high-quality reproduction. Submit figures in file(s) separated from that of the main manuscript. Any number exceeding that indicated for a specific article category should be designated as supplementary material.

Acknowledgments. This section should acknowledge any significant contribution of individuals who did not qualify for authorship.

Conflict of interest. All authors must declare any potential conflicts of interest (please refer to the [ICMJE guidelines](#)). A conflict of interest statement must be included in the submitted manuscript. If no conflict exists, please state that 'The Author(s) declare(s) that there is no conflict of interest'. An International Committee of Medical Journal Editors (ICJME) [disclosure of potential conflicts of interest \(COI\) form](#) to be submitted for each author and must be received when a revised manuscript is submitted.

Source of funding. A detailed list of all funding sources for the submitted work must be given in a separate section ("Funding"). The list must contain the full funding agency name and grant number(s).

Declaration of Helsinki. Paper reporting results of research involving human subjects must contain a declaration that it complies with the Declaration of Helsinki, that the research protocol has been approved by the local ethics committee, and that informed consent has been obtained from all involved subjects (or their legally authorized representative).

References. In the main text, indicate references by number(s) in square brackets and number them in the order cited. All references must be reported at the end of the article in the Reference section using the Vancouver style. Use of DOI is required.

Supplementary data. The material that is not included in the main text of the manuscript can be made available as supplementary data.

Permissions information. Written permission must be obtained for use of copyrighted material from other sources. If tables and figures included in the manuscript are original and have not been previously published, authors must include the following statement: “The authors declare that all images and figures in the manuscript are original and do not require reprint permission”

Review of manuscripts

All manuscripts submitted to European Atherosclerosis Journal will be evaluated by the Editorial Board. Manuscripts will be returned to authors if they do not meet submission requirements. Manuscripts that pass the first stage will undergo a regular peer review process.

After acceptance, the corresponding author will be contacted by the editorial office. Page proofs will be sent by e-mail to the corresponding author, who should check carefully for any changes or typographic errors. Corrected proofs must be returned to the editorial office within 3 working days.
